Dear Commissioner Pitman,

We met briefly at the MetraPark and talked about an opportunity to introduce myself and connect with our county leadership representing the BIRD. Now that I have been in my position for a few months I was reaching out to explore the best option to visit with you and the other commissioners in the upcoming weeks. I would like to get your take on the valuable relationship with our district, the MetraPark and additional items that you feel relate to the district helping with economic growth in the region.

I understand that it is best to meet with all of you at once or I need to be specific to a topic per individual meeting. Any guidance on the best way to visit would be appreciated.

Best,

Zack Terakedis
